- Tractors/tillers
- Play equipment/toys
- Outdoor furniture/picnic tables
- Farm equipment
- Pool tables

Sharps Disposal (syringes/lancets)

Syringes and lancets should be disposed of in a “SHARP” container specially designed to prevent them from sticking waste disposal workers and others. **Please do NOT place them in a regular recyclable container.** Check with your local pharmacy for information on “SHARP” needle disposal containers. Needles and lancets from home healthcare may be disposed of in the normal household trash once placed in a “SHARP” container.
