Value Cards

Value Cards are available in the amounts of \$10, \$15, \$20, \$30 and \$40 and can be used just like cash on any of our buses with an electronic fare box. The total amount due will be deducted from the card as you swipe it to pay your fare. These cards can be purchased at the Transportation Office or from your bus driver. If you plan to purchase one from the bus driver please let the driver know the day before you plan on purchasing one so they can request it from the office and have it ready for you.
