Application Instructions for the Bay Restoration Fund Grant – Calvert County –

The following are instructions for completing the “**Bay Restoration Fund – Onsite Sewage Disposal System (OSDS) Application for Financial Assistance**” form. The information below corresponds to the items listed on the application:

- Applicant Name:** Last name and first name of the legal owner of the property. Use the name listed on the tax records.
- Mailing Address:** Provide the property owners mailing address: street, city, state and zip code.
- Applicant Phone:** The best phone number to contact the owner or applicant.
- Project Address:** Street or Premise address as indicated on the tax records; include street address number, city, state and zip code.
- Project Location:** Provide the tax identification number (it will begin with an 01, 02 or 03). Provide the Tax Map number; parcel number Section and Lot number(s) (if applicable).
- Contact Person:** Person to contact – if it’s the same as the applicant, please indicate.
- Contact Mailing:** Contact person’s street, city, state and zip code mailing address. This is where we will mail appropriate documents.
- Contact Phone:** The contact’s best phone number.
- Facility Type:** If the house is a single family house, indicate yes. If not, please explain if the house is a multi-family or apartment, condominium, business, etc.
- Dwelling Use:** Is the house your primary residence? Is it occupied full-time or used primarily on the weekend or for short terms (summer, weekend etc)? This will be confirmed with tax record information. Is this application for a new proposed house or one currently under construction (New Construction) or is the house being renovated? If there is no new construction (new or renovation), check **No Alteration**. Indicate the number of bedrooms and if the house is a rental (full time or seasonal), please check **Rental**.
- Prioritization:** The grant requires that properties be prioritized based on location and the need to be upgraded. Please note the type of current septic tank (if known): metal, concrete or other. If the application is for a new home system, check off N/A New Home. Check if this will be an **upgrade** of an older existing system, or a **repair or replacement of a failing or failed system**. Check the box that will allow us access on to your property so it can be evaluated. As of October 21, 2009 only properties with failed or failing systems or metal septic tanks will be considered for the grant. Other applications will be accepted but not evaluated until the grant priorities change.
- Signature:** Finally, the property owner or designated contact must sign and return the form. This will be the first step in being considered for the grant.

Sign & Mail the Application to:
Calvert County Dept of Planning & Zoning
Attn: Bay Restoration Fund Grant
150 Main Street
Prince Frederick MD 20678

After the application has been received Health Department and Planning & Zoning staff will visit your property and prepare a site evaluation. That information will be used for bidding your property during the Request for Proposal process. Not all properties will be funded. Properties with zoning violations are not eligible for the grant. Submitting an application does not ensure or guarantee that your property will be awarded the grant. The program is highly competitive and has limited funds.

*Funding for this project is provided through a grant from the Maryland Department of the Environment /
Water Management Administration and the Bay Restoration Fund*
