

*Calvert Marine Museum Boat Basin and Drum Point Lighthouse*

The first draft of this Plan was prepared by the Phipps Group in conjunction with Alan Sparber and Associates and J. M. Hutto Associates.

Recognition should go to the many people who reviewed the draft; in particular, the Solomons Civic Association Committee chaired by William Watts. The Department of Planning & Zoning, under the guidance of the Planning Commission, prepared a second draft after reviewing all the comments submitted on the original draft. This draft was the subject of a public hearing before the Planning Commission held on January 7, 1986. Once again, the Planning Commission reviewed all oral and written comments and approved the Plan and Zoning Ordinance.

A joint public hearing was held by the Planning Commission and Board of County Commissioners on May 13, 1986. The Plan and Ordinance were adopted by the County Commissioners on June 10, 1986.
